There are few better ways of experiencing a different culture than by tasting it. Whether you want to get hands-on in a lesson, learn from a distance as a food or drinks expert takes care of preparation, or simply try the exquisite final product, Europe has a menu of options for every taste...

In this guide, we'd like to introduce you to some of our favourite gastro experiences - but this is only a glimpse of what we have to offer!

We can recommend classes, workshops, tastings and multi-day programmes for guests of different ages and interests, so, if these are the memorable experiences your client is seeking, get in touch with our dedicated travel experts for more details.

Remember that A&K Europe can tailor everything according to your client's desires - let them pick and choose the ideas they like and we'll drop it into their fully bespoke itinerary.
