## A fun filled family day

### A&K Philanthropy: Ilboru Special Needs School

Set out to visit the Ilboru Special Needs School in Arusha, the first of its kind in Tanzania. Tour the school with the head teacher and spend some time with the kids one on one and see what an impact this project had made on their lives.

### The African Wildlife Foundations K9 Anti-poaching Unit

Only accessible by A&K guests, a visit to the K9 anti-poaching unit is a superb way of showing the family exactly what it takes to combat the poaching menace in East Africa. A fun game of hide and seek with the dogs can also be played.

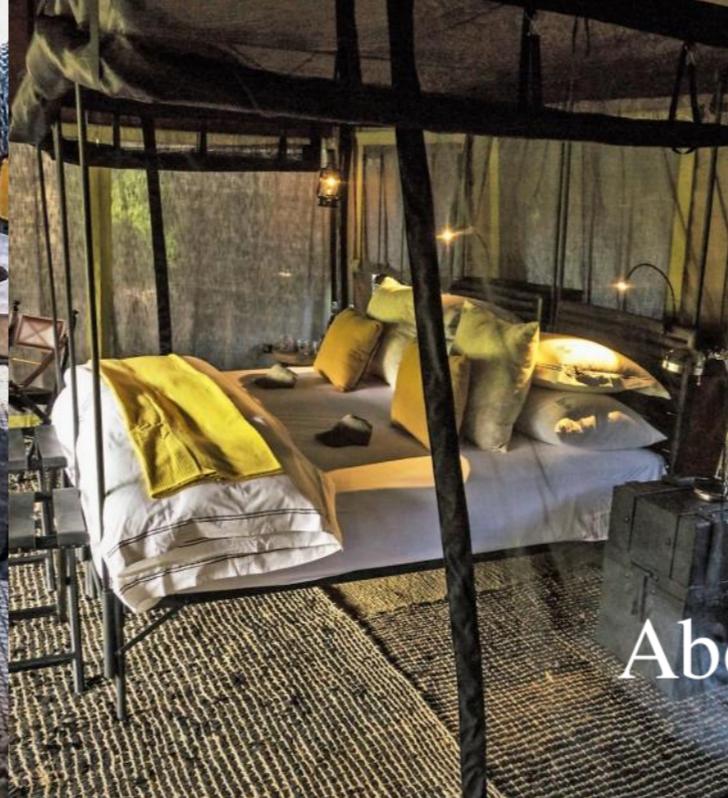

### Exploring the Kili Golf Estate

After lunch, set off on horseback for a ride around the golf course passing by herds of waterbuck and impala. For the golfers in the family, a round of golf on the course is also available. Otherwise, sit back, relax and take a dip in the pool.

# Forest Chem Chem

Forest Chem Chem is an exclusive-use camp bordering Tarangire National Park designed to help families connect and give them the freedom to explore the African bush.

## A family escape

Forest Chem Chem is all about savouring amazing experiences with family. Go out on exciting game drives in search of Tarangire's big tuskers, identify animal tracks on a walking safari, meet a Maasai chief and his family and wind down the day with a sundowner at the edge of Lake Burunge.

## Kids Have Fun!

Venturing out on a fossil walk, gathering food for the lizards and ground squirrels, searching for wildlife tracks with the guide, making a mould of the footprints to take home as a souvenir are just some of the experiences kids can look forward to at Forest Chem Chem. Adults can join in on the fun with a cook-out over an open fire in the evenings.

# Four Seasons Serengeti - Private Villa

The Private Villa at the Four Seasons Serengeti provides the perfect platform for families to explore the endless plains of the Serengeti National Park with private pools, dining and lounges to relax in and exclusive vehicles to game drive in.

## EAST AFRICA

### Exploring the Serengeti together

Game drives at the Serengeti are exhilarating with abundant wildlife sightings including lions, leopards, elephants and so much more. After a day in the bush relax in the private villa and lounge in the infinity pool looking out over the park.

### Private balloon safari

Rise with the sun in a private balloon and take in the vast landscape of the Serengeti below. The balloon pilot will swoop low then soar high giving everyone the best chance of seeing the wildlife.

### Checking out the little creatures

An activity everyone will enjoy - exploring the bush on foot. Learn how to track animals and take in the small, but no less fascinating, insects, birds and reptiles.

### Flying with the Flamingos

Jump on board your helicopter and set out for a day on Lake Natron - not your typical fresh water lake! The sodium content in this lake is extremely high and it supports a huge population of Lesser Flamingos. Enjoy lunch on the lake shore and a spin around Ol Donyo Lengai (mountain of God) before heading back to the villa.

# Thanda Island

Located between the mainland of Tanzania and Mafia Island, this private island retreat is the perfect destination for families that demand exclusivity and end to this epic Tanzanian adventure.

EAST AFRICA

## Islands Explorations

Thanda is a short sail away from some of the East Africa's ancient islands. Sail out to Mafia Island and explore 11th century ruins and meet traditional boat-building craftsmen. Visit the spice island of Zanzibar and experience a tour of the cloves, cinnamon, ginger and nutmeg plantations. Away from the islands, head out on an exploration of Dar es Salaam where you can meet the locals at the markets and purchase intriguing artefacts and fabrics to take back home.

## Family Sea Adventures

Situated in its own marine reserve, there is so much to do at Thanda: explore the reefs around the island in a kayak, sailboat or on a stand-up paddle-board; swim with the gentlest giant of the ocean, the whale shark; go big game fishing and on different snorkelling adventures around the island, .
