SOUTHERN AFRICA

Day Experiences

Scenic Helicopter Flight

The spectacular one hour flight covers some of the most scenic areas in our region as the Blyde River Canyon, God's Window and the Pinnacle. En route fly over some of the breath-taking waterfalls in the area. For an even unforgettable experience, add a picnic stop.

Panorama Tour

The Panorama Route encompasses some spectacular scenery, with breath-taking views of the Blyde River Canyon. From various look out points, magnificent views of God's Window, Wonderview and Three Rondavels can be enjoyed. Along the route, the famous Bourke's Luck Potholes and Pilgrim's Rest, (an old mining town established during the gold rush in the 1800's) will be visited. Enjoy spectacular views of numerous waterfalls tumbling down the mountains including the Berlin and Lisbon Falls.

Full Day Safari

A visit to South Africa is just not complete without a visit to the world renowned Kruger National Park and is a definite to be added onto any itinerary while in the Lowveld. Collected by your qualified Safari Guide early in the morning, we adventure on a full day safari into the heart of the Kruger National Park, returning back to your hotel late afternoon.

Endangered Wildlife Tour

Visit the Hoedspruit Endangered Species Centre at Kapama Game Reserve. The centre runs a successful breeding programme for several endangered and vulnerable species. Moving between the various enclosures, guests can view and learn more about cheetah, wild dogs, black-footed cats, African wild cats, ground hornbills, sable antelope and many other animals.

Hot Air Ballooning

The height above ground will vary between skimming the tree-tops as the pilot changes altitude in search of favourable wind directions and speeds. As the sun rises, the landscape, and if you are lucky, some wildlife will provide beautiful photo opportunities. Game spotting can't be guaranteed, but from most flights, plains game can be seen.

Leopard Creek Golf

Innovative architectural and landscaping techniques ensure that the Leopard Creek Golf Course is decorated with lakes and small streams, creating scenic vistas and interesting golf strategies. Sightings of crocodile, hippo, antelope, buffalo and wild boar are common, either on the course itself or next to the river running alongside several holes. The 505 metre par-five 13th is one of the most memorable holes, where the green is on the edge of the Crocodile River, 32 metres above the level of the water, offering magnificent views up the river and into the Kruger Park. Activity available from specific lodges.
