Welcome to Buenos Aires!

Elegant, old-worldly, with a touch of Paris here and a touch of London there, a dash of New York cosmopolitanism and big splash of Italian exuberance, the city also has a strong Latin America personality as well as uniquely Argentine elements such as tango bars. Here, everything is grand, on a scale fit for kings: Tourists photograph vast steaks at restaurants, Nueve de Julio avenue ranks as the world's widest, a cemetery so fancy that it occupies one of the poshest parts of the poshest neighborhood, while the entire city fronts onto the world's widest river. Buenos Aires never fails to impress.

Day 2 - Buenos Aires

Breakfast at the hotel.

Familiarize yourself with some of the most recognizable landmarks in the 'Paris of the South' during a guided half-day Buenos Aires city tour. This tour includes the most historic areas of Buenos Aires. Starting in Plaza de Mayo, the political heart of the city, this square was designed by Don Juan de Garay in 1580. Continue to La Boca, the tough port barrio (neighborhood) and colorful working-class area of Buenos Aires, and finally Puerto Madero, the city's newest district whose red-brick warehouses have been transformed into trendy restaurants and bars. Board a ferry in Puerto Madero for a 20-minute boat ride on the Río de la Plata (River Plate) to see the city from a completely different angle.

Return to the hotel, where you have time at leisure.

An evening of intimate music and dance await at Rojo Tango, a unique venue located inside Faena Universe, in Puerto Madero. Following a private venue transfer without guide, a tango show awaits at the Philippe Stark designed cabaret for a performance filled with fantasy, sensuality and nostalgia.

Rojo Tango's vanguard show recreates the age when tango was danced on the streets of Buenos Aires. Talented dancers, musicians and singers leave guests breathless, while the Faena's gastronomic offering teams aromas and textures with some of Argentina's

Once a patch of dirt in the foothills of the Andes, Finca Decero is a one-of-a-kind vineyard, where each vine is nurtured by hand and the winemaking is without compromise. Benegas Winery. This traditional winery belonged to Gladys Alurralde Norton's family, mother of current owner Federico J. Benegas Lynch. Federico was born at the property's main house, where he still lives to. Throughout childhood he worked every step of the way, helping his father in the winemaking process. Benegas is focused on quality and celebrating its Finca Libertad terroir. They believe in the judicious use of oak, maintaining it as a background component in the wine, while tannins are balanced and the finish long. Total production is only 30,000 cases. Consultant winemaker Michel Rolland says: "Benegas wines have a strong personality, the result of a unique terroir for its quality and the combination of French and Argentine traditions.
