# Abercrombie & Kent

Geoffrey Kent and his parents, Valerie and Colonel John Kent, founded Abercrombie & Kent in 1962. The company's beginnings were modest; Geoffrey Kent remembers their first safaris were conducted with little more than "a Bedford truck and my mother's sterling silver ice bucket." In 1967, Geoffrey Kent, now Managing Director following his parents' retirement, decided to expand A&K's signature style of travel. In 1969, he began opening additional companies in Africa; in 1971 he met Jorie Ford Butler of Oak Brook, Illinois and opened a sales office in the United States.

Today, A&K is the largest luxury tour operator worldwide, with over 55 offices in more than 30 countries, staffed by over 2,500 dedicated people. Our reputation allows A&K travellers private and sometimes exclusive access to amazing experiences around the world. With expertise in not only luxury travel but culture, wildlife and history, Abercrombie & Kent reveals each destination with an authenticity beyond the reach of any other travel company.

## *Why Abercrombie & Kent*

Abercrombie & Kent is the world leader in luxury travel, combining comfort and authenticity in the world's greatest destinations. Company-wide there are certain values that make us special:

- **Global Corporate Indemnity Insurance** – providing you with unsurpassed peace of mind for wherever you travel within our network.
- **Quality Control teams** - each and every office of ours has a team assigned to making sure our suppliers always deliver as promised. Headed up centrally in London, you can be confident that we work together with international oversight.
- **Guides** - we use only the best guides in the world, who undergo strict qualification processes. They know our destinations inside and out, and serve as much as travelling companions as experts in their field.
- **Philanthropy** - Since 1982 we have been globally committed to respecting the natural environment and giving back to the local people whose destinations we host clients in. Internally and through the generosity of our guests we support over 37 different hand-picked projects worldwide.
- **24 hour emergency contact** - no matter what time of day or whatever the query, our local operations teams are always on standby to be of assistance, providing flexible measures if any plans change.
- **Health and safety** - we have stringent criteria that all our suppliers must meet, along with a whole host of safety initiatives tailored to each destination - from first aid training to localised emergency procedure plans.
- **Our relationships** with suppliers are second to none. It's these personal, long -standing local connections that make sure we offer the best product to our clients. Whether it's the most sought-after table in a restaurant or preferential upgrades where available at hotels, we hold the key to all your customer's needs.
- **Our ability to tailor-make.** We handle every request according to individual needs, so you know we're always thinking about how our agent partners can offer the finest combinations each and every time.
- **VIP services and 'insider access'** - unique and exclusive moments from our wealth of interesting connections, means we can bring our guests closer to the real people, the culture and their customs.

## EAST AND SOUTHERN AFRICA

# *Safari in East or Southern Africa?*

## SOUTHERN AFRICA

The wildlife in Southern Africa is as varied as that of East Africa, although less dense and found in smaller herds. Game trackers apply their skill in finding the elusive animals and it is a thrilling experience to be a part of the track. With Southern Africa having a large concentrations of private game reserves, there is a higher frequency of “close up” safari experiences that take place when out in the bush.

Southern Africa has a stunning variety of superbly contrasting landscapes. From the deserts of Namibia with its rolling sand dunes onto the flat floodplains of the Okavango Delta to the towering heights of the Drakensburg mountains.

Southern Africa offers a myriad of cultural experiences, along with active adventure, family explorations and wellness journeys. Cosmopolitan cities like Cape Town and Johannesburg offer unusual art experiences, and premium shopping for luxury fashion brands.

South Africa in particular is a foodies heaven with a wide range of culinary delights to suit any traveler. There are also a huge number of spectacular wine farms and world class restaurants in Johannesburg, Cape Town and the Winelands.

The best beaches in Southern Africa are found in Mozambique which can be reached from any of the Southern Africa countries, or hop over to Mauritius.

## EAST AFRICA

The wildlife in East Africa, specifically in Kenya and Tanzania, is found in higher concentrations than elsewhere on the continent; the great wildebeest migration alone contains two million individuals. Rwanda and Uganda are also home to the two largest primate species and both these countries can be easily combined with a wildlife safari in Kenya or Tanzania.

There are a myriad of spectacular landscapes in East Africa - from the soaring mountains of Kilimanjaro and Kenya, the primate rich jungles in Rwanda and Uganda, the many rolling grassland savannahs and the long, wide beaches of the coast.

East Africa has numerous activities available from walking safaris to soaring over the plains in a hot air balloon. There are also a wide variety of cultures for guests to experience from the more famous Masai to the lesser known Batwa pygmies.

Not a renowned destination for food but the properties offer delicious meals. There is also the option for guests to have a local cooking class in a village, gaining a real life understanding of the lives of the local communities.

Both Kenya and Tanzania have glorious beaches with powder-white sandy beaches just a short flight away from the national parks and reserves.

## **KENYA**

Kenya is a year-round destination with each season providing its own spectacular experience.

January - March: Hot dry months with low water levels and short grass. The wildlife have to fight over resources and can easily be seen gathered around water sources. April - May: The rains arrive and are characterized by short, intense thunderstorms & rainbows. The landscape turns lush and wildflowers abound. This is also when there are the lowest visitor numbers ensuring an exclusive experience. June: The rains cease and the skies are crisp and clear with lush long grass. July - September: The migration arrives in the Masai Mara and there are numerous river crossings. End-September - October: The grass dries out and water sources shrink. The migration moves back down into the Serengeti. November: The short rains arrive and provide relief for the wildlife. December: The rains stop and by the end of December resources are getting limited again.

## **TANZANIA**

Tanzania is a destination that can be visited throughout the year.

January - March: These are the hot dry months with low water levels, short grass and the wildlife have to fight over resources. The migration is calving in the Southern Serengeti which is spectacular to behold. April - May: The rains arrive - short, intense thunderstorms & rainbows. Lush, green grass and wildflowers abound - simply stunning. June: The rains cease and there are crisp clear skies. The grass is longer and the migration moves up the Western Corridor of the Serengeti. July - September: The migration arrives in the Northern Serengeti and there are numerous river crossings into Kenya. End-September - October: The grass dries out and water sources become limited. The migration moves back down into the Serengeti. November: The short rains arrive and provide relief for the wildlife. December: The rains stop and by the end of December resources are getting limited again.

## **RWANDA**

Gorilla and chimpanzee tracking is possible all year round in this wonderful little country.

January - May: The rains gradually increase throughout these months, the trees are heavy with fruit and the primates are full and content. June: The rains cease and the days are characterized by blue, crisp clear skies. July - September: These are the driest months with only a few scattered thunderstorms over the mountain ranges. October - December: Rainfall increases throughout these months and thunderstorms happen a few times a week by December.

## **UGANDA**

Gorilla and chimpanzee tracking also possible throughout the year in Uganda as is the safari experience.

January - May: The rains gradually increase throughout these months, the trees are heavy with fruit and the primates are full and content. June: The rains cease and the days are characterized by blue, crisp clear skies. July - September: These are the driest months with only a few scattered thunderstorms over the mountain ranges. October - December: Rainfall increases throughout these months and thunderstorms happen a few times a week by December.

# Best time to travel

Abercrombie & Kent  
S.A.

## **BOTSWANA**

The country is a year round destination. May to August is the dry winter season with moderate days and cold nights. June to August is high water season in the Okavango Delta with opportunities for boating and mokoro excursions. This is the best time for great game viewing. May to October sees increasing numbers of animals concentrated along the Chobe River and central Savute region. September and October is hot and dry with good game viewing. November to April is the rainy summer season. The bush changes into a lush green area and birding is excellent as migrant species arrive in the area. There are plenty of young antelope around.

## **MOZAMBIQUE**

April to September offers a sub-tropical climate and is the best time to visit. May to November is winter with cool temperatures and the least chance of rain. December to April is the wet summer season with brief downpours followed by sunshine. January and February is cyclone season in Southern Mozambique. We advise avoiding the Bazaruto Archipelago during this time.

## **NAMIBIA**

The sand dunes of Sossusvlei can be visited at any time of the year however the dry winter climate from March to October is the best time to visit. September and October can get very hot. October to April is summer and the best time for bird watching. May to August is winter and the best time for game viewing in Etosha National Park. June and July can have very cold nights. November and April is the summer rainy season turning the area green and bringing the occasional floods to the desert.

## **SOUTH AFRICA**

The country is a year round destination. Summer is from October to March and winter from May to August. January to April is the best time to visit Cape Town. October to April is warm and dry. December and February sees the occasional South-Easter wind, blanketing Table Mountain in cloud. July to September is the best time for whale watching and seeing wild flowers in bloom. Kruger National Park is a year round destination. May to October is the dry winter season and the best time for game viewing and walking safaris. September and October is dry and hot with animals concentrated around water sources. November to April is rainy season and perfect for photography. Game viewing is good, with young animals around and bird watching is great. May to October is the dry winter season and the best time for game viewing in Madikwe Game Reserve. KwaZulu-Natal is a year round destination. May to August is winter with a mild climate, warm ocean and the best time for game viewing.

## **ZAMBIA**

Zambia has a sub-tropical climate defined by a marked wet and dry season rather than summer and winter. The dry season along with mild daytime temperatures runs from May to October and is the best time to go to Zambia for game viewing in the South Luangwa and Lower Zambezi National Park. September and October however can get extremely hot. The rainy season is from December to April when the bush is beautifully thick and green. This is the best time for bird watching as there are many migrant species in the area. February to May is the best time to visit the Victoria Falls on the Zambian side. The falls are at their fullest from April to May. October and November is dry season with very little water coming over the Zambian side of the falls. White-water rafting is done at this time.

## **ZIMBABWE**

February to May is the best time to visit Victoria Falls. April and May the falls are at their fullest. August to December is low water season and the best time to enjoy water rafting as the volume and speed of the water is reduced and the rapids are more exposed. May to August is dry winter season and the best time for game viewing in Mana Pools, Hwange National Park, Lake Kariba and Malilangwe Wildlife Reserve. September and October are extremely hot and dry months.

The town of Victoria Falls has become a focal point for action-packed fun including sightseeing flights over the falls. A fun way of exploring Victoria Falls is the Bamba Tram - a return tram experience through Zambezi National Park, onto the historic Victoria Falls suspension bridge. You may disembark the tram and take in the impressive scenery of the Victoria Falls, the gorge and the Zambezi River down below. The Canopy Tour is a fantastic adventure that consists of a network of slides, trails and rope-bridge walkways within the Batoka Gorge.

The Mana Pools National Park in Zimbabwe is a wildlife conservation area located along the Zambezi River, in a rich area where the flood plain turns into a broad expanse of lakes after each rainy season. As the waters recede, the remaining pools become excellent game viewing locations as wildlife flocks to these natural watering holes.

The town of Kariba is located north of Zimbabwe, about five hours drive from the capital city Harare. It is situated on the south bank of the Zambezi River and overlooks Kariba Gorge and Lake Kariba, one of the world's largest man-made lakes. Kariba has become one of Zimbabwe's major tourist resorts as it provides a starting point for access to the vast inland sea of Lake Kariba. It also enjoys close proximity to several national parks, including Mana Pools National Park, a UNESCO World Heritage site.

Situated in the middle of the dry savannah of north-eastern Botswana, the Makgadikgadi Salt Pans are the largest in the world. They are surrounded by the Kalahari Desert and are situated south-west of the Okavango Delta. In the dry season, they are a breath-taking sight of never-ending stretches of white salt, and are home to desert adapted wildlife and meerkats. In the wet months, the rains fill the salt pan and turn it into a shallow lake which attracts large numbers of zebra, springbok and wildebeest (this is the second largest migration after that in the Serengeti), as well as breeding flamingos. The vast, uninhabited spaces and nothingness provide an incredible atmosphere and make it the most captivating places you have ever visited!

The Okavango Delta in Botswana with its vast and diverse wildlife species is one of the premium destinations in the world for a dynamic safari experience and offers a truly unique wilderness safari in Africa.
